

Simon Dunvall

Game Programmer [Portfolio](#) 072 540 25 10 s.dunva@gmail.com Batterivägen 2 Vallentuna

About me

I'm Simon, a 23-year-old gameplay programmer seeking an internship to apply my skills and learn from industry professionals. I've contributed to a game nominated for Best Mobile Game at SGA and Best Tech at FGA. I enjoy solving technical challenges and writing clean code. I'm friendly, humble, and open to conversations, though a bit shy. In my free time, I enjoy gaming and spending time with family.
